Congratulations,

As the Vietnamese language and culture group celebrates 30 years of your existence here at St. Nicholas, I wish to thank you and your community for your continued presence in and around our parish. Your organization has provided a great source of education and sharing of your culture to the new generation of our young Vietnamese here in the parish and our community. I congratulate you for your perseverance and continued service.

To the many teachers, organizers and facilitators, I thank you for your efforts and commitment to sharing your language and culture and congratulations on your years of service.

To our parents who continue to bring your children to the group, I thank you and congratulate you for your desire to share your language and culture with your children and our community.

To our students, congratulations on your desire to learn and appreciate your heritage.

May God continue to Bless all of you and your efforts and those who benefit from your ongoing teaching of the cultural gifts and traditions.

Your Administrator

Fr. George P. Blais
